

Nano Science & Technology

The Department of Physics organised a Seminar on “*Nano Science & Technology*” by Prof Mohammed Hussain & Prof. K.T.Rama Krishna Reddy, S.V.University, Tirupathi on 8-9-2014.

The Resource persons explained about various types of Nano Materials & their applications in different fields, particularly how the Nano Technology is useful in Solar Cells & in production of Solar Energy and also the role of Photo Voltaic Cells in the production of power.
