Participants:

I year Statistics students of SDMSMK

Resource persons: Sri. G. Chakravarthy ,M.Sc., M. Phil, HOD Department of Statistics & Academic Officer P.B. Siddhartha College of Arts & Science, Vijayawada.

Description of the Programme:

The guest lecture was conducted on 14th November 2025 regarding career opportunities in Statistics. Statistics is a rapidly growing field with a wide range of career opportunities. It forms a core component of Data Science and Data Analytics—two of the most in-demand career paths in today’s technology-driven world. The main aim of the guest lecture on “AWARENESS ON STATISTICAL ASPIRANTS” Was to provide detailed information about the various job roles available in this field. The speaker emphasized that pursuing higher education in reputed universities helps students gain deeper and more effective knowledge, enabling them to qualify for roles such as Data Analyst, Data Scientist, Junior Statistical Officer (JSO), Senior Statistical Officer (SSO), positions in RBI and ISS, roles in educational institutions, and careers in Actuarial Science. The guest also highlighted that clearing exams such as **CUET, IIT-JAM, and ISI** allows students to pursue advanced studies in prestigious institutions, ultimately leading to better career prospects. Overall, higher education plays a crucial role in enhancing one’s expertise and employability in statistics-related professions. Overall, the session concluded that higher education significantly enhances one’s skills and employability in statistics-related fields.
