

Department of Biochemistry

Name of Program: Field Visit to Siddhartha Institute of Dental College.

Number of Participants: 16 students of III year B.Sc honours (Biochemistry)

Date: 5/8/2025

Brief Report:

The Department of Biochemistry organised a field visit to Siddhartha Institute of Dental College the visit provided an insightful learning experience for our students. During the visit, students had the opportunity to observe various dental procedures, interact with faculty, and explore the latest advancements in dental technology. The hands-on demonstrations and workshops gave them a deeper understanding of the practical applications of their theoretical studies
