

World Environment Day Celebrations

Date: 05-06-2026

National-Level Quiz and Nature Photography Competitions

No .of. participants:86

The Department of Botany & Eco club organized **National-Level Quiz and Nature Photography Competitions** on the occasion of **World Environment Day** with the objective of creating awareness about environmental conservation, biodiversity, and sustainable living practices among students and the general public.

The competitions provided a platform for participants from various educational institutions across the country to showcase their knowledge and creativity on environmental themes. The **National-Level Quiz Competition** tested participants' understanding of environmental issues, biodiversity, climate change, conservation strategies, and sustainable development. The competition received an enthusiastic response, with participants demonstrating remarkable awareness of contemporary environmental challenges.

The **Nature Photography Competition** encouraged participants to capture the beauty and diversity of nature through their lenses. Photographs depicting flora, fauna, landscapes, ecosystems, and environmental conservation themes were submitted. The competition highlighted the importance of preserving natural resources and inspired participants to observe and appreciate nature more closely.

The events witnessed active participation and generated considerable interest among students and nature enthusiasts. The entries were evaluated by a panel of experts based on originality, relevance, accuracy, creativity, and presentation. Winners were recognized and appreciated for their outstanding performances.

The participants captured beautiful photographs depicting the richness, beauty, and diversity of the natural environment, demonstrating their creativity and environmental awareness
