

Date: 28 August 2026

Programme: Guest Lecture – “**From B.Sc to Successful Career: Explore, Experiment & Excel**”

Organized by: Departments of Physics and Chemistry, Sri Durga Malleswara Siddhartha Mahila
Kalasala, Vijayawada

Resource Person: Dr. A. Venkateswara Rao, Associate Professor, KL University

Description of the Programme:

The Departments of Physics and Chemistry organized a guest lecture to create awareness among **B.Sc students about higher education**, career opportunities, research, skill development, and professional growth. **Dr. A. Venkateswara Rao** shared valuable guidance and encouraged students to explore various career paths, develop practical skills, experiment with new ideas, and excel in their chosen careers.

He interacted with the students and shared valuable guidance based on his academic experience. He encouraged students to develop the confidence and skills required to succeed. The programme was informative and motivating, providing students with valuable insights for planning their academic and professional future.

The Departments of Physics and Chemistry felicitated Dr. A. Venkateswara Rao as a mark of appreciation for his valuable contribution and inspiring interaction with the B.Sc. students. The felicitation was a memorable part of the programme and reflected the department's gratitude for his guidance and encouragement.
