

A 4-DAY WORKSHOP

on

PROMPT ENGINEERING & IOT

In Association with Anitha Technologies and Services

Date: 10-08-26 to 13-08-26

Title: Prompt Engineering and IOT

Resource Persons:

- Mr. V. Uma Manikanta, Director, Anitha Tech. & Serv.,
- Mr. Kamasani Lokesh, Prompt Eng. Trainer, Microsoft Azure/ AWS, Bangalore.

Participants:

III & II B.Sc Electronics- 20, III B.Sc AI- 40, III B.Sc BCA- 35, Faculty Members & Technology Enthusiasts.

Description of the Programme:

A four-day workshop on “**Prompt Engineering & IoT**” was organized in association with **Anitha Technologies and Services** to provide students with practical knowledge of emerging technologies. The workshop focused on the fundamentals and applications of **Prompt Engineering, Generative AI, and Internet of Things (IoT)**.

The participants were introduced to effective prompt design techniques, AI-based tools, IoT concepts, sensors, connectivity, and real-time applications. The sessions included practical demonstrations and hands-on activities, enabling participants to gain a better understanding of how these technologies can be applied to solve real-world problems.

The programme was highly informative and interactive, helping students enhance their **technical skills, creativity, problem-solving abilities, and awareness of industry-oriented technologies**. The workshop concluded successfully with active participation and positive feedback from the participants.
