

A 1-DAY IDEATHON

on

PROMPT ENGINEERING & IOT

In Association with Anitha Technologies and Services

Date: 14-08-26

Title: Prompt Engineering and IOT

Resource Persons:

- Dr. Ardhala Bala Krishna, Associate Prof. (EEE), PSCMR.
- Mr. D. Narendhra, HOD(IOT), Rama Chandra College of Engineering.
- Dr. P. Sudhakar, HOD(AI&DS), Rama Chandra College of Engineering.
- Mr.M.Rama Krishna, Associate Prof.(AI&DS), Rama Chandra College of Engineering.
- Dr. Gowri, HOD(ECE), SRK Institute of Engineering and Technology.

Participants:

III & II B.Sc Electronics- 20, III B.Sc AI- 40, III B.Sc BCA- 35, Faculty Members, Technology Enthusiasts and Students from various Engineering and Degree Colleges.

Description of the Programme:

A 1-Day Ideathon on “Prompt Engineering & IoT” was organized to encourage students to explore innovative ideas and develop technology-based solutions to real-world problems. The programme focused on the effective use of **Prompt Engineering, Artificial Intelligence, and Internet of Things (IoT)** in developing smart and practical solutions.

Participants actively engaged in **idea generation, problem identification, solution design, and presentation**. The Ideathon provided a collaborative platform for students to demonstrate their creativity, technical knowledge, critical thinking, and problem-solving skills. The programme successfully promoted **innovation, entrepreneurship, and industry-oriented learning** among the participants.
