

National Science Day Celebrations

Nature of Programme : National science day
Title : “SUSTAINIA- Science & Technology for a sustainable Future”

Resource person : Dr. K.A.Sunitha
Associate professor &HOD
Electronics & communication Engineering
SRM University, AP

Number of Students : All Ist year Life science students
Date : 28th February 2026

On the occasion of National science day celebrations along with all life science departments, Department of Microbiology also participated in science day celebrations on **February 28, 2026** themed “SUSTAINIA- Science & Technology for a sustainable Future”.

STAFF presentations:

- **Smt. N.Saritha & Ch.Meghala** presented & published a paper titled **“Innovative Strategies to Combat Antimicrobial Resistance”** with **ISBN no. 978-93-569-2654-7** in the International conference held by Andhra Loyola college on February 23rd & 24th 2026. & another paper titled **“Invitro modulation of Gut Microbiota by Prebiotics & postbiotics”**.
- **Smt. Ch.Meghala & N. Saritha** presented & published a paper titled **“Artificial Intelligence in Drug Discovery”** with **ISBN no. 978-93-569-2654-7** in the International conference held by Andhra Loyola college on February 23rd & 24th 2026.
- **Smt. M.B. Sridevi & V.Susmitha** presented & published a paper titled **“Computational biology through interdisciplinary pedagogy and research”** with **ISBN no. 978-93-569-2654-7** in the International conference held by Andhra Loyola college on February 23rd & 24th 2026.
- **Smt. V.Susmitha & M.B. Sridevi** presented & published a paper titled **“Ethical AI application in Life science education and research”** with **ISBN no. 978-93-569-2654-7** in the International conference held by Andhra Loyola college on February 23rd & 24th 2026
- All life science departments celebrated National science day on February 28, 2026 themed **“SUSTAINIA- Science & Technology for a sustainable Future”**.
