

Department of Biochemistry

Name of Program : Two day Workshop on Basic Molecular Biology Techniques .

Resource Person : Dr. Sunil, Regional Manager, and Dr. Jaganmaya, Technical Manager, from Genei Laboratories Pvt. Ltd., Bengaluru

Number of Participants : 100 members

Date : 24/08 /2026 and 25/8/2026

Brief Report :

The Departments of Biochemistry and Microbiology organized a two-day workshop on “Basic Molecular Biology Techniques”. The workshop was conducted by Dr. Sunil, Regional Manager, and Dr. Jaganmaya, Technical Manager, from Genei Laboratories Pvt. Ltd., Bengaluru. During the workshop, students were trained in Agarose Gel Electrophoresis, Polymerase Chain Reaction (PCR), and SDS-PAGE techniques. The practical sessions helped students understand the principles, procedures, and applications of these techniques in molecular biology and enhanced their understanding of laboratory procedures and applications in biological sciences.
