

Eco club activity

Report on Asia Book of Records

Date: 29th August 2026
Venue: P.B. Siddhartha College of Arts & Science, Vijayawada
Organized by: CII Young Indians (Yi) Amaravati Chapter in collaboration with Codegnan and the college community
Participants: Life science students

Topic: "Maximum Native Bamboo Seed Balls Prepared by a Youth Organisation"

Introduction

A large-scale environmental awareness and volunteer activity was organized on **29th August 2026** at **P.B. Siddhartha College of Arts & Science, Vijayawada**, by the **CII Young Indians (Yi) Amaravati Chapter** in collaboration with Codegnan and the college community. **Students from life sciences of SDMSMK College actively participated in the event.**

The program was organized with the objective of creating awareness among students and youth about the importance of **Afforestation, Environmental Protection, Biodiversity, And Ecological Conservation**. The event also encouraged young people to participate actively in community-based environmental activities.

Description of the Program

The event aimed to promote **Afforestation, Environmental Conservation, And Youth Volunteerism**. Students and volunteers enthusiastically participated in preparing native bamboo seed balls by hand.

A total of **113,109 native bamboo seed balls were prepared in a single day**, earning recognition in the **Asia Book of Records** under the title **"Maximum Native Bamboo Seed Balls Prepared by a Youth Organisation."**

Conclusion

The event was a **highly successful environmental initiative** that promoted teamwork, youth participation, and environmental responsibility. The achievement of preparing **113,109 native bamboo seed balls** was a proud moment for all the participating organizations, students, and volunteers. The active participation of **SDMSMK College** contributed to the success of this remarkable program.
