DEPARTMENT OF BOTANY

National Popular Lecture Series participation

DATE :8-10-2026

The Department of Botany, along with its faculty members and II B.Sc. Botany students, enthusiastically participated in the **National Popular Lecture Series – II** on "Environmental Biotechnology: Innovative Solutions for a Sustainable Future", held on 8th October 2026 at Dr. LHR Government Degree College, Mylavaram in association with department of Biotechnology New Delhi(DBT-CTEP sponsored)

The programme featured eminent experts who delivered enlightening lectures on Environmental Biotechnology, Biosynthesis of Metallic Silver Nanoparticles, and emerging frontiers in Biotechnology research and innovation.

The sessions provided valuable insights into recent scientific advancements, innovative research, and the practical applications of biotechnology in environmental protection and sustainable development. The participation offered students an excellent opportunity to broaden their scientific knowledge, interact with academic experts, and develop an appreciation for emerging research areas.

II BSc Botany students receiving participation certificates from prof.MNV.Prasad, Department of plant sciences ,university of Hyderabad
