RULES AND REGULATIONS

Dear Students,

The Departments of Life Sciences, Sri Durga Malleswara Siddhartha Mahila Kalasala, Vijayawada, welcome you to **BioVision 2K-26**, scheduled for **01-12-2026 & 02-12-2026**. All participants are requested to follow these guidelines:

General Rules

1. Participants must **register** for the event by completing the registration process and **paying the registration fee of ₹100.**
2. Participants must **report to the venue** on time and follow the instructions of the event coordinators.
3. Participants must maintain **discipline** and decorum throughout the programme.
4. Each participant must bring the necessary materials required for their respective events.
5. Participants must ensure **originaliity** in their work and avoid **plagiarism.**
6. Any use of **inappropriate content** or unfair means will result in **disqualification.**
7. The **judges' decisions** will be final.

Event-Specific Guidelines

1 BIO BUZZ

Event Coordinator: Smt. N. Saritha, HOD, Department of Microbiology.

- Participants should speak on given biological topic within the allotted time. Clarity, scientific accuracy, speed and confidence will be considered.

2 ECO SPARK

Event Coordinator: Dr. R. Ramani, HOD, Department of Zoology.

- Participants must create eco-friendly products using waste or reusable materials, or present eco-friendly art forms like rangoli.
- Originality and presentation will be evaluated.

3 BIOFASHION

Event Coordinator: Dr. A. Kalyani, Faculty, Department of Zoology.

- Outfits must be designed using eco-friendly, reusable or recycled materials.
- Participants will be judged on creativity, sustainability, design and presentation.

4 BIOSKETCH

Event Coordinator: Smt. A. Harika, HOD, Department of Biochemistry.

- Participants must create original sketches or artistic representations of scientific concepts, discoveries or biological themes.
- Scientific relevance, creativity, neatness and originality will be evaluated.

5 BIOHACKATHON

Event Coordinator: Dr. A. Annapurna, HOD, Department of Food Science & Technology.

- Participants must propose innovative solutions to real-world problems using biological knowledge and creativity.
- Innovation, feasibility, scientific relevance and presentation will be considered.

6 MODEL EXHIBITION

Event Coordinator: Kum T. Salomi, HOD, Department of Botany.

- Models must demonstrate biological concepts, processes or scientific innovations.
- Scientific accuracy, creativity, working demonstration (where applicable) and explanation will be evaluated.

Important Instructions

- Participants must adhere to the time limits specified by the event coordinators.
- Any materials or equipment required for demonstrations must be arranged by the participants.
- Participants are responsible for the safety of their materials and for keeping the venue clean.
- Participants are requested to bring their own lunch.
- The organizing committee reserves the right to modify the rules if necessary.
